

## Website Development for UofL Research

ID	Task Name	Task Responsibility	Start	Finish	Duration																														
1	Meeting with Baylee (Problem)	Team	1/13/2020	1/14/2020	2d																														
2	Document Current System	Business Analyst	1/15/2020	1/15/2020	1d																														
3	Research Similar Websites	Business Analyst	1/16/2020	1/20/2020	3d																														
4	Discussions with Project Manager	Business Analyst	1/21/2020	1/21/2020	1d																														
5	Financial Analysis (NPV)	Business Analyst	1/22/2020	1/24/2020	3d																														
6	Design Interface Brainstorm	Web Developer	1/24/2020	1/24/2020	1d																														
7	Iteration 1: System Request Presentation	Team	1/27/2020	1/27/2020	1d																														
8	Meeting with Baylee (Requirements)	Business Analyst	1/31/2020	1/31/2020	1d																														
9	List Requirements	Project Manager	1/31/2020	1/31/2020	1d																														
10	Discuss considerations and risk analysis	Business Analyst	2/3/2020	2/3/2020	1d																														
11	Create prototypes	Web Developer	2/4/2020	2/11/2020	6d																														
12	Add on to design interface	Web Developer	2/12/2020	2/17/2020	4d																														
13	Iteration 2: Inception Phase Presentation	Team	2/18/2020	2/18/2020	1d																														
14	User Cases	Business Analyst	2/19/2020	2/19/2020	1d																														
15	Develop Modules	Web Developer	2/20/2020	2/21/2020	2d																														
16	Add on to prototypes	Web Developer	2/24/2020	3/2/2020	6d																														
17	Integrate Database	Database Developer	3/3/2020	3/13/2020	9d																														
18	Plan unit tests	Project Manager	3/13/2020	3/16/2020	2d																														
19	Iteration 3: Use Case, Prototype	Team	3/16/2020	3/16/2020	1d																														
20	Add on to Use Cases	Business Analyst	3/17/2020	3/18/2020	2d																														
21	Add on to prototypes	Development Team	3/17/2020	3/27/2020	9d																														
22	Iteration 4: Use case, Prototype v2	Team	3/30/2020	3/30/2020	1d																														
23	Develop User Interface	Web Developer	3/31/2020	4/3/2020	4d																														
24	Test Interface	Project Manager	4/3/2020	4/3/2020	1d																														
25	Add security protocols	Database Developer	4/3/2020	4/3/2020	1d																														
26	Perform system tests	Project Manager	4/6/2020	4/6/2020	1d																														
27	Document problems	Development Team	4/6/2020	4/6/2020	1d																														
28	Iteration 5: User Interface, Prototype	Team	4/8/2020	4/8/2020	1d																														
29	Implement payment system	Web Developer	4/9/2020	4/14/2020	4d																														
30	Implement fixes	Development Team	4/14/2020	4/14/2020	1d																														
31	Iteration 6: Elaboration Phase	Team	4/15/2020	4/15/2020	1d																														
32	System Checks	Project Manager	4/16/2020	4/20/2020	3d																														
33	Implement fixes	Development Team	4/20/2020	4/22/2020	3d																														
34	Meeting with Baylee	Business Analyst	4/24/2020	4/24/2020	1d
